PHOTOGRAPH & SOCIAL MEDIA RELEASE

Use this optional form to record whether a visitor gives Papaw's Tree Farm permission to use photographs or video in which they or their child may be identifiable.

1. Visitor Information

Adult Name: _____

Email or Phone (optional): _____

Photographer / Session Date: _____

Names of other adults included in this release (each adult should consent for themselves):

_____

Names of children included in this release: _____

2. Choose One Option

☐ YES — I give Papaw's Tree Farm permission to use photographs and/or video taken during the session that include me and the children listed above, for the purposes described below.

☐ NO — I do not give Papaw's Tree Farm permission to use or post photographs or video in which I or the children listed above are identifiable.

If NO is selected, the Farm will not rely on this form as permission to use identifiable images of the people covered by this form. This choice does not affect the photography session or any separate agreement with the photographer.

3. If YES Is Selected: Permitted Uses

I grant Papaw's Tree Farm a non-exclusive, royalty-free permission to use, reproduce, publish, display, and share the approved photographs and/or video in the Farm's social media accounts, website, printed materials, and other Farm promotional or informational materials. The Farm may crop, resize, or make ordinary edits to fit a format, but will not knowingly use the images in a misleading or defamatory way. No payment or other compensation is expected.

I understand that social media posts may be shared, copied, or viewed by people outside the Farm's control. The Farm cannot guarantee removal of copies shared by third parties. The Farm will not sell the images as standalone stock photography or use them to endorse an unrelated third-party product without separate permission.

4. Rights & Consent

I understand that this release grants permission to Papaw's Tree Farm to use the images described above; it does not transfer ownership of the photographs from the photographer. The Farm must have the photographer's permission or other lawful rights to use the photographs as well.

By signing for a child, I confirm that I am that child's parent or legal guardian and am authorized to make this choice on the child's behalf. Each adult who may be identifiable should provide their own consent. I understand that I may contact the Farm to request that future use of an image stop; withdrawal cannot undo uses already made or copies shared by others before the request.

5. Signature

I have read this release, understand the choice I have made above, and sign voluntarily.
